- IP-DEW (REO REW) = Intra-Pools Desires Extra Work
- DW (REW) = All Pools Desire Extra Work
- FRP= FIRST RESTED Pool
- MI = Manual Intervention (All steps established by CMS are "no required to accept")
- JPWT= Junior Person Awaiting Turn "ARC" (only Intra Pool)
- All steps prior to MI are "acceptance required"
- All steps prior to MI are "acceptance required"
- Current VPS in DT step 4 and step 7 = reflects as it is today

Notes*

- *If you exhaust DT go back to the original vacancy
- *Steps 4-6 might have implementation difficulties do to programming (employee will not be able to hold turn when stepping up)
- *If employee works four starts off his or her turn current system does not have availability to hold turn automatically..function will work as it does today

Notes*

- * Employees being placed on a QEW must be classified with QEW plus board ID (DEW does not need to be classified due to the fact that request extra work radio button for qon assignment only)
